Work Experience

Zero To Mastery Academy

Open Source Contributor

July 2022 - current | Toronto, ON

- Deployed back end and front-end apps like face recognition app to heroku and netlify.

- Created a full app that has a front-end using react, uses an image recognition API, has its own server using node and express, and its database with PostgreSQL.

- Built and contributed animation to project like Animation Nation in the academy for the effective learning of other students and as an addition to her progress.
- Created an app that uses jsonplaceholder API to fetch details.
